accexxinsight.com

Accexx Insight, LLC is a Houston-based leadership, workforce and education company. We deliver cohort-based training, leadership development and career-readiness programs, in person, virtual or hybrid, for city and public agencies, schools and colleges, healthcare organizations and employers.

Core competencies

- **Leadership and management development:** cohort-based programs in communication, decision-making, change, accountability and team performance.
- **Workforce training:** frontline supervision, customer service, workplace ethics, professionalism and employability skills.
- **Education program design and administration:** curriculum, facilitator guides, assessments and rubrics, and learning management, for in-person and online delivery.
- **Career readiness:** workshops for students, early-career staff and job seekers.
- **Speaking and author services:** keynotes and facilitated conversations.

Differentiators

- Proprietary Human Operating Codes™ framework, with certification programs.
- Founder with a doctorate in Educational and Leadership Management and an MBA in Human Resources Management, plus senior experience in higher-education operations and enrollment.
- Ready-to-deliver curricula, tracked contact hours, and a certificate for every participant.
- Flexible delivery: in person, live virtual or hybrid, on the client's schedule.
